

TEEN MENTOR APPLICATION

Congratulations on being considered for our Mentorship Program!

This is a very special opportunity to be an amazing presence in a young girls life! You will be helping to guide her through milestones and possibly some challenges that you may have just recently experienced yourself. There is no greater teacher than someone who can relate. There is also not greater feeling, than the satisfaction of knowing that someone is looking up to your beautiful example. This includes not only being a role model, but a cheerleader for her accomplishments. You are given the privilege to watch a young TWEEN turn into a strong, confident, and determined teenager. You will have the honor of helping to shape her into that very important and inspiring young woman that you already are. You would also be involved in working on rewarding service projects and planning fundraising events that will raise money to be put aside in a Mentor Scholarship for you when you graduate. If Volunteerism, giving back, enhancing your college resume, and scholarship possibilities appeal to you, then we would love to get to know you more. Please continue on to the application process below.

Recruitment of Mentors and Mentees

Mentors complete a written application, including three references. They then participate in a one-on-one interview with the Board of Directors, at which time they learn about the program in detail, and we get to know them and their background. After completing the interview process, the Mentor must attend multiple training sessions. Mentees also complete a written application, which includes a parent/guardian consent form. We ask that parents attend an orientation held during the beginning of September to receive more information about the program and our guidelines.

After The Girls Are Matched

After the Tween Mentees are matched, they will meet with their Mentor at least once a week for 1-2 hours. The exact time and place will be given to you at a later date. Parent consent must be given for all activities matches participate in. As the Mentors are volunteers, it is important that the Mentee and the Mentor are both respectful of the other's time.
